Article 14. SUB-RECIPIENTS

From time to time, the Principal Recipient may, under this Agreement, provide Grant funds to other entities or make direct payments to third parties on behalf of other entities to carry out Program activities (“Sub-recipients”), provided that the Principal Recipient:

- (a) assesses the capacity of each Sub-recipient to implement Program activities and report thereon, makes such assessments available to the Global Fund upon request, and selects each Sub-recipient based on a positive assessment of that Sub-recipient’s capacity to carry out the Program activities that are being assigned to it and in a transparent documented manner;

The Principal Recipient is responsible for the acts and omissions of its Sub-recipients in relation to the Program as if they were the acts and omissions of the Principal Recipient.

Article 15. PROGRAMMATIC PROGRESS REPORTS

- (a) Provision of Reports. The Principal Recipient shall provide to the Global Fund the reports specified in paragraph (b) of this Article. The Global Fund shall specify the terms of reference for any evaluation and an appropriate schedule for conducting it. The Principal Recipient shall, and shall require Sub-recipients to, facilitate the evaluation. Exercise by the Global Fund of this right does not mitigate the obligation of the Principal Recipient to monitor and evaluate the Program.

Article 18. CONTRACTS FOR GOODS AND SERVICES

When a Sub-recipient carries out procurement of Health Products, the Principal Recipient shall ensure that such procurement is carried out in compliance with this Agreement.

In all cases, the Principal Recipient is encouraged to use, or cause Sub-recipients to use, capable regional and global procurement mechanisms wherever pooling of demand reduces prices for products and improves procurement efficiency.

- (e) Procurement Practices. The Principal Recipient shall ensure that the procurement of Finished Pharmaceutical Products under this Agreement adheres to the Interagency Operational Principles for Good Pharmaceutical Procurement. In cases where actual practices differ from these principles, the Principal Recipient shall demonstrate to the Global Fund that it has established a comparable system of competitive, transparent and accountable procurement using a group of pre-qualified suppliers and the application of necessary quality assurance mechanisms.

The Principal Recipient shall use good procurement practices when procuring Health Products, including competitive purchasing from pre-qualified manufacturers and suppliers, as outlined in sub-section (e) above, to attain the lowest possible price of products that comply with the quality assurance standards specified in this Agreement. In determining what constitutes the “lowest possible price”, the Principal Recipient may take into account the unit price for the products, product registration, the delivery and insurance costs, and the delivery timeframe and method. With respect to durable products, the lowest possible price shall take into account the total cost of ownership, including the cost of reagents and other consumables as well as costs for annual maintenance.
- (g) Quality Standards for all Finished Pharmaceutical Products. Grant funds may only be used to procure Finished Pharmaceutical Products that have been authorized for use by the National Drug Regulatory Authority in the Host Country where the products will be used.
